

I am Sue Howard, Stuart's younger daughter and as I believe you may have known my father, I thought I should write to let you know that he sadly passed away soon after returning from Puerto Vallarta . His death was very sudden and shocking to us all and he will be missed more than he will know. He died peacefully at his home here in the UK , and arrangements are in progress for his funeral.

I found your email address on his computer and thought that you may wish to be advised. I am obviously aware that he spent half of his time at Puesta del Sol and would be grateful if you would also let anyone who knew him know - please feel free to pass on my email address to any of his other friends.

Once we have got further with sorting out his estate, I would very much like to come out to Mexico to his apartment and visit all the places where he very much enjoyed being.

My father was always a complex character who led his life as he wished to do and although the family did not see him very often, we all kept in contact with him via email whilst he was away and are very sorry that his life has ended so quickly.

Please do not hesitate to contact me if you wish to do so - I would love to hear about your contact with my father over the years that he spent in Mexico .

Kind regards

Sue Howard

*Dear Sue;*

*I am passing on to you and the family of Stuart my deepest sympathy for the loss of Stuart, your father. He was a very active participant in the Puerto Vallarta Navy League and had a lot of friends and acquaintances in Puerto Vallarta .*

*Stuart did a lot of community work with the Navy League and could always be counted on to help with projects and distribute toys to the children. I will miss his candor and able assistance to help out with anything.*

*My best remembrance of your Dad was when a US Navy Ship came to PV. The sailors wanted to perform a community project (this is one of the Navy Leagues Missions) so we did work on a home for battered girls. Stuart worked as hard as the sailors on the top of roof to move trash and seal the roof. It was very hot. Later he said to me how good he felt and how tired he was. I advised him that the purpose of our participation (most of us are in age) was to facilitate, not work hard. He never listened. I admired him for his work ethics and how he got along with the young sailors. It was great experience for them to see and Stuart always enjoyed the comrade.*

*Please feel free to contact me with any needs you or your family require in regards to Stuarts estate in Mexico . My telephone number is +52-322-222-3616 and my email is [clarkbill@earthlink.net](mailto:clarkbill@earthlink.net)*

*Warmest Regards*

Bill
